

2024 - 2025

UNITED WAY
Greater Chippewa Valley

ANNUAL REPORT

HELLO CHIPPEWA VALLEY!

In every season, communities are shaped by how we show up for one another. This past year brought change and challenge for our organization, just as it has for many families, nonprofits, and partners across the Chippewa Valley. Through moments of uncertainty and transition, one truth has remained clear: when our community comes together in support of United Way Greater Chippewa Valley, critical, life-changing help is available to those who need it most. That shared commitment continues to strengthen lives and expand opportunity across our region.

OUR IMPACT

In a world that can feel increasingly complex and unpredictable, United Way remains a steady presence. We're focused on building community, expanding opportunity, and ensuring that everyone has the support they need to pursue a healthy, stable, and productive life. We are deeply grateful for the extraordinary support that makes this work possible, and we remain committed to strengthening a shared sense of investment in our community's future. That shared investment is essential if we are to meet the challenges before us.

A LOOK AHEAD

Our vision is grounded in intentional growth, thoughtful innovation, and accountability to our community. It includes a renewed focus on meeting our fundraising goals so we can deepen and expand our impact across the Chippewa Valley; reaching more people, strengthening proven programs, and responding to emerging needs with clarity and purpose. It also means continuing to ask important questions, using data and community insight to guide decisions, and stewarding every dollar entrusted to us with care and transparency. None of this work happens in isolation. We are profoundly grateful to the staff who bring passion and professionalism to this mission every day; to our board members and volunteers who lend their leadership and time; to our donors whose generosity fuels this work; and to our program partners and collaborators who turn shared investment into real impact. As you read the pages that follow, we hope you see the incredible power of collective community action and the difference that is possible when people come together around a shared commitment to care for one another. When our community is united, lives are changed, and a stronger future is built for all.

With Gratitude,

DUSTIN OLSON
EXECUTIVE DIRECTOR

ANDREW DANIELS
BOARD CHAIR

WHO WE ARE

OUR MISSION

We improve lives and build stronger Chippewa Valley communities by bringing resources together to advance the common good.

OUR VISION

We will make an impact on complex problems, reducing need, and increasing quality of life.

VALUE STATEMENT

In the community and with one another we are united by being responsible, collaborative, trustworthy and solutions-oriented.

CREATING A PLACE WHERE EVERYONE CAN THRIVE

At United Way Greater Chippewa Valley, we recognize that structural racism, discrimination and other forms of oppression have long contributed to disparities in our region. These inequities have existed in the past and are still present today.

We unequivocally denounce racism/ethnic discrimination because it undermines the well-being and vitality of our region. Collaborating with our community, including those whose voices have not traditionally been heard, will allow us to take a solutions-based approach to dismantling the policies and practices that lead to the marginalization of entire populations of people.

WHO WE SUPPORT

ALICE is an acronym that stands for Asset Limited, Income Constrained, Employed. ALICE represents the households with income above the Federal Poverty Level but below the basic cost of living. We focus our efforts on our ALICE population. We also curate a research-based data report that quantifies who in Wisconsin is living on the edge of financial insecurity.

When you give to United Way, you are investing in collaborative, innovative, research-based and results-focused initiatives that coordinate the work of local programs, service providers, and community stakeholders in the Chippewa Valley to solve our community's most pressing problems.

0

Participants who obtained a post-secondary degree

DID YOU KNOW?

Since 2015, when our relationship with CVTC started, they have awarded almost 600 grants to students, totaling over \$850,000. The average grant is \$1,400.

For every \$1 invested by UWGCV and the community in CVTC, the people of Wisconsin receive a \$6.70 return. So - investing in these students creates economic growth in our state!
